

Tussey mOUntaiNBACK 50 Mile Relay

Oct. 14, 2000

Ninety-one runners representing 15 teams and one ultramarathoner participated in the first annual Tussey mOUntaiNBACK 50 Mile Relay at Tussey Mountain Ski Area on Saturday, Oct. 14. Under mild, sunny weather and turning leaves, runners covered mountain roads in Rothrock State Forest from the ski area to Whipple Dam State Park, Colyer Lake, Bear Meadows Natural Area and back to the ski area. In overall results, Buck Twenty & Company set a storming pace but, due to an unfortunate course misinterpretation on leg 11, was edged out for first place by Nemesis. Standard teams had 3-6 runners, Mega teams had 7-8 runners. The Standard category has since been subdivided so that teams of 3-4 compete in a separate category. There were no Supra (2-person) teams. Team rosters and their respective race legs are provided in the category/division results.
