Explanation of Rotation Order

In the relay division, each team selects and submits a specific rotation sequence, and the runners must follow that exact sequence throughout the legs of the event. When the *last* runner on the team completes his or her first relay leg, the *first* runner begins the next leg and the rotation begins again. There are *no* exceptions to the rotation order. Teams found to have modified their submitted rotation order in any way during the event may be subject to disqualification and forfeit any award or prize. Rotation orders may be submitted electronically to rotation@tusseymountainback.com using the form on the previous page. Electronic submissions is *strongly preferred*. If you do not have access to e-mail, the rotation order may be submitted in hard copy (using this form or a separate sheet of paper) to: MTB50, 103 E. Hamilton Ave., State College, PA 16801.
